

! *Exposition!*

[illegible][illegible]

The first conclusion is that our
 people are not yet fully
 in touch with the modern world,
 and that we must make every effort
 to bring them up to date.
 We must first of all
 improve our roads and
 communication system.
 Then we must
 improve our schools and
 hospitals.
 Finally, we must
 improve our economy.
 Only then can we
 hope to build a
 strong and prosperous
 nation.
